the symbol for refreshing

How often have you been stuck on a page and had to restart your browser?

We've all been there. But what if we're stuck in reality?

Today more than ever, we are aware that sometimes we need to #reload, #recharge or #refresh our lives, environment, and system. We are stuck between global crises like the pandemic, recession, and climate change. But we are also in control of updating old systems to new realities!

Don't miss out on the opportunity to be part of an unforgettable event! Are you the next performer we are looking for? Then send us a video of your performance and a short intro about yourself of one minute to speakerteam@tedxki.com. The only requirement we have is that you are in Stockholm on the day of the event. Deadline 9th of February!

We are looking forward to seeing all applications!

WHEN: 18th of MARCH
WHERE: AULA MEDICA STOCKHOLM
